

Llantwit Major Round Table

Looking for their 200th new member!

Llantwit Major Round Table has been part of the fabric of the community with events over the years such as the bedrace through the streets, numerous duck races, tug-of-war events in Llanmaes, boxing evenings, charity balls and with help from Father Christmas, provided the float which until recent years went round every street in and around Llantwit to as far-a-field as Rhoose.

With our AGM on the 24th of April, we are starting a new calander year with the hope that new members of the public, especially the new faces in the area, would want to join a recognised National Organisation to raise money for local charities with fun and exciting events throughout the year planned.

As we are looking for that 200th new member, as current Table Chairman I ask for the readership if they have been past members, or just a member of the public who happened to have a camera handy during one of our events to contact me and we can complete our album of the past 39 years of Llantwit Table.

Also to contact us if you have ever received a donation from them, whether to help fund a mini-bus or to install a shower unit, big or small. We'd like your stories.

If anyone is interested in joining our organisation with a view to raise money and be part of the fun, then please contact me for further information.
